CONTINUOUS AND NEVER ENDING IMPROVEMENT

Our principles dictate that progress and perfection are the result of pure and constant effort.

How else is excellence achieved if not by persistence and perseverance?

We pride ourselves not only in the quality of the work we deliver, but mostly in our sustained determination to keep achieving, refining, and succeeding in creating superior and enhanced high-performance structures.

About

- Who We Are
- Our Vision
- Our Mission
- Our Value

WHO WE ARE

Al-Badeel is an established engineering and contracting firm that had been founded in 2006 by a high-profile collective of experienced leading figures in the construction industry for more than 10 years in the Kingdom of Saudi Arabia.

The expertise and diversity of the firm founders have helped to create harmony and strong bonds in its management's leadership, by adding value due to their knowledge in Saudi Arabia, for the 10 years working in high profile, multi-million Saudi riyal projects in the kingdom.

Their proficiency has also amplified by collaborating with international and great reputable Contractors of the likes of Consultants and Project Management Firms such as Saudi Bin Laden Group, Proger, Dar Al Handasa , Arup , Shaker, etc. elevates the profile of the firm to compete with the other reputable established companies in the field.

Al-Badeel has been specialized and has distinguished itself in Reinforced Concrete, finishing, Landscaping, Mechanical, Electrical, Plumbing, Civil defense and HVAC works in the Construction Industry Services (CIS) utilizing all the engineering services related to its production, thus becoming distinguished pioneers in this sector in the Saudi market.

OUR VISSION

- Ensuring ultimate services.
- Customer satisfaction through exceeding their expectations.
- Expanding horizontally and vertically.
- Continuous and Never-Ending Development / CND; Company Metaphor.
- Concentration at the firm Core Business and developing the skills of its employees.
- Successful business that insures what we like to call "TRIPOD SUCCESS" : - Client , Company & End Users

OUR MISSION

Al-Badeel is Full Service Engineering and Contracting Firm, specialized in concrete MEP works execution and serving clients in all areas in the workflow. The firm focuses in providing the highest quality and standards within a minimal time frame, a rarity with contractors in the field, yet we strive to achieve this goal.

Our purpose to serve our clients so that their expectations for their projects are met and even exceeded. Our most important service / outpost is happy, 100% satisfied customer.

Clients approaching Al-Badeel are met with all expertise that the company has to offer to ensure that all their needs are met and covered also acting as advisors to enhance excellence in execution. Taking into consideration costs, while containing budgets by using Value Engineering (VE) techniques.

Our intention would be that the client experiences an effective operational firm that is humane, ethical, positive and dedicated to its vision, with moral and social responsibility in all its endeavors and undertakings.

We pride ourselves on hiring accomplished and well-educated individuals, with extensive knowledge and expertise in the Construction industry. They are well-versed and dedicated to the vision of the business. The entire staff from the owner to helper will work to advantage the vision of the event, never losing sight of crucial aim of delivering excellence, during the undertakings leading up to and through the event.

We believe in treating all our members with the utmost respect, especially demonstrated by our willingness to thoroughly train them and reinforce their skills. Understanding the vision and mission of the business are crucial. They are practiced in accomplishing their daily duties, as well as the requirements of each event. The company statement is to create empowered and resourceful thinkers
