Date of Birth: 01st Oct 1994
Nationality: Egyptian
Marital Status: Married

Qualifications:

Graduated from Mansoura College For Engineering And Technology - Department of Civil Engineering (2020) Egypt.

Career Objective:

- Results-driven Civil Site Engineer with experience in Fit-Out, Finishing, and Interior Works across residential, commercial, and high-rise projects. Skilled in site supervision, construction execution, quantity take-offs, shop drawings, material inspections, subcontractor coordination, and quality control. Proficient in AutoCAD and Microsoft Excel, with strong knowledge of finishing works, MEP coordination, and project documentation. Seeking a Site Engineer or Fit-Out Engineer position where I can contribute to delivering high-quality projects on time and in accordance with approved drawings, specifications, and quality standards

Professional Experience:

1. Employer: EMERGE DESIGN HOUSE

Position: Sr. Project engineer

Work Duration: Jan- 2024 To Aug -2026

Project: The Chef Restaurant (Two sites)

Location: Mansoura, Egypt

➤ Duties and Responsibilities:

- Supervised and managed the execution of two restaurant sites, ensuring all works were completed in accordance with approved drawings, specifications, project schedules, and quality standards.
- Managed Fit-Out, Finishing, Interior, and Decorative Works.
- Managed site execution from initial installations and MEP works through final finishes, decorations, furniture, and FF&E installation.
- Coordinated Shop Drawings, material approvals, and site execution.
- Supervised flooring, ceilings, gypsum board, painting, cladding, and joinery works.
- Supervised joinery, woodwork, furniture, fixtures, and FF&E (Furniture, Fixtures & Equipment) installation and coordinated their integration with the overall interior design.
- Coordinated with subcontractors, suppliers, consultants, and project teams to resolve site issues.
- Conducted site inspections and monitored quality, progress, and compliance with approved drawings and project specifications.

2. Employer: MODERN CONTRACTING COMPANY (MCC)

Position: Site Civil Engineer

Work Duration: Jan-2022 to Des-2023

Project: El Gawhara project (NACC)

Location: New Administration Capital, Cairo

➤ **Duties and Responsibilities:**

- Supervised construction and finishing works for 200 residential villas and 10 residential towers.
- Managed daily site activities from excavation, foundations, concrete works, and structural elements through final finishing.
- Supervised masonry, plastering, flooring, ceilings, painting, cladding, and architectural finishing works.
- Reviewed construction drawings and Shop Drawings and ensured proper execution according to project specifications.
- Coordinated with subcontractors, suppliers, consultants, and site teams to maintain project progress.
- Conducted site inspections and monitored quality, workmanship, materials, and construction activities.
- Prepared and followed up on quantity take-offs, site reports, inspection requests, and project documentation.
- Monitored work progress and ensured compliance with approved drawings, specifications, safety requirements, and project schedules.

3. Employer: SCALE ARCHITECTURAL STUDIO

Position: Site Engineer (finishing fit out)

Work Duration: Jan-2020 to Des-2021

Project: Fit-Out Finishing Works-Residential villas, Apartments, Commercial

Location: Mansoura, Egypt

➤ **Duties and Responsibilities:**

- Led daily site activities across two restaurant locations, ensuring smooth workflow and execution.
- Controlled the implementation of civil and architectural works according to approved designs.
- Oversaw MEP coordination and installation to ensure proper integration with interior works.
- Followed up on materials, manpower, and subcontractor activities to maintain project progress.
- Inspected finishing and decorative works and ensured required workmanship standards.
- Supervised custom joinery, furniture, fixtures, and interior fit-out installations.
- Reviewed site conditions and coordinated with relevant teams to identify and resolve construction conflicts.
- Supported snagging, testing, final inspections, and handover to achieve project completion requirements.

➤ Personal skills:

- Leadership & Team Management
- Site Coordination & Effective Communication
- Problem Solving & Decision Making
- Planning, Organization & Time Management
- Attention to Detail & Quality Focus
- Client, Consultant & Contractor Coordination
- Ability to Work Under Pressure & Meet Deadlines
- Critical Thinking & Proactive Approach
- Conflict Resolution & Effective Negotiation
- Adaptability, Flexibility & Multitasking
- Strong Work Ethics, Accountability & Responsibility
- Teamwork & Cross-Functional Collaboration

➤ Other Courses:

- AutoCAD, Microsoft Excel, Word, Power Point.
- Registered with the Saudi Council of Engineers (SCE) – Registration Certificate Attached.
