NATIONALITY

Sudanese

CURRENT LOCATION:

Damam, KSA

SKILLS AND EXPERTISE:

- Structural Modeling using Autodesk programs.
- Structural Design using CSI programs.
- Project Management and Estimation using Primavera and PlanSwift.

LANGUAGES:

ARABIC: Native.
ENGLISH: Fluent in spoken and written communication.

PROFESSIONAL SUMMARY:

With a B.Sc. Honors degree and practical experience in construction site operations, I am highly driven and results-oriented. Willing to use a solid background in project management and structural design software, such as Primavera, ETABS, AutoCAD, SAP2000 and Revit, to help projects be completed successfully and effectively. A quick learner with a capability to help with project implementation and site supervision.

EDUCATION:

Bachelor of Science Honors in Civil Engineering with Upper Second Class.
University of Khartoum _ December 2023.

Autodesk Quantity Take Off Course with Very Good Grade.
Abdelbary center _ March 2022.

EXPERIENCE:

Site Engineer

Iwan Engineering Works _ November 2020 to March 2021.

- Assisted in the supervision and quality control of construction work of seven stories concrete residential building.
- Monitored engineering plans, identifying and resolving issues to maintain project timeline.

Site Engineer

Almutahida Engineering Company _ January 2020 to May 2020

- Managed and monitored the daily workflow of two stories steel business building.
- Prepared and submitted weekly work reports.
