**Address:** Riyadh- KSA

### Professional Summary

Results-driven construction professional with **+15 years** of experience in managing large-scale construction projects across **Saudi Arabia, Qatar, Kuwait** and Egypt.

Proven expertise in project management, site supervision, and team leadership, with a strong focus on delivering projects on time, within budget, and to highest safety standards.

Successfully managed projects valued at over 1.2 billion EGP, leading teams up to +75 workers, subcontractors and ensuring compliance with technical specifications and safety regulations.

### Key Achievements

- Delivered South of Ayat road tunnel **(60 million)** for Egypt's high-speed train, completing it 2 weeks ahead of schedule through effective resource allocation and risk management
- Managed the Sokhna port development project **(1.2 billion EGP)**, overseeing 675m of quay wall construction (deep foundations-super structure) while maintaining zero safety incidents, reduced materials waste with 10% through improved procurement.
- Led a team of +25 workers to complete rig roads constructions in Kuwait, improving site accessibility for Kuwait oil operations

### Academic Qualifications

- Bachelor of Civil Engineering - Graduation Year 2006 - Mansoura University, Egypt
