## Profile

### Dialysis Technician + Peritoneal Dialysis Technician (DHA Licensed + Saudi Prometric passed)

Dedicated and **DHA-licensed Dialysis Technician** with over **eight years of hands-on experience** in **hemodialysis procedures, patient care, and extracorporeal therapies**. Skilled in operating **advanced dialysis equipment**, ensuring **infection control**, and managing **intra-dialytic complications**. Adept at providing quality care, assisting nephrologists, and maintaining dialysis treatment protocols. Seeking an opportunity to leverage my expertise in a reputed healthcare facility that values **patient safety, efficiency, and continuous learning**.

---

## Work Experience

10/2018 – 01/2025  
India

### Dialysis Technician | KIMS Al Shifa Super Specialty Hospital (NABH Accredited), Perinthalmanna

- Operated and maintained **Fresenius 4008S, Nipro Surdial 55S, and Prismaflex CRRT machines**.
- Performed **AV fistula cannulation, hemodynamic monitoring**, and managed **intra-dialytic complications**.
- Assisted nephrologists in **internal jugular and femoral vein catheterization**.
- Ensured adherence to **infection control protocols, universal precautions, and isolation techniques**.
- Conducted **pre and post-dialysis catheter and fistula care** to prevent infections.
- Monitored and maintained **water treatment systems** to ensure high-quality dialysis.
- Led and supervised the **dialysis team**, ensuring optimal workflow and patient care.

04/2018 – 11/2018  
India

### Dialysis Technician | Govt. Medical College Hospital, Manjeri

- Provided **renal replacement therapy**, patient monitoring, and **dialysis care**.
- Set up, calibrated, and troubleshooted **hemodialysis machines** to ensure effective treatment.
- Assisted in **plasmapheresis and peritoneal dialysis (PD) procedures**.
- Ensured safe vascular access and patient comfort during dialysis sessions.

02/2017 – 04/2018  
India

### Dialysis Technician | Valluvanad Hospital, Ottappalam, Palakkad

- Conducted **hemodialysis treatment**, monitored patients, and documented treatment parameters.
- Assisted in handling dialysis-related **emergencies and managing complications**.
- Educated patients on **dialysis procedures, dietary restrictions, and self-care**.

01/2016 – 12/2016  
India

### Intern | West Fort Hospital & West Fort Hi-Tech Hospital, Thrissur

- Assisted senior dialysis technicians in **machine setup, vascular access care, and infection control**.
- Hands-on training in **hemodialysis procedures, water treatment systems, and**

emergency protocols.

---

## Technical Skills & Core Competencies

---

- **Hemodialysis Machine Operation:** Proficient in handling and maintaining **Fresenius 4008S, Nipro Surdial 55S, and Prismaflex CRRT** dialysis machines.
- **Extracorporeal Therapies:** Skilled in **plasmapheresis and peritoneal dialysis (PD)** procedures for critical patients.
- **Vascular Access Management:** Expertise in **AV fistula cannulation, central venous catheter care, and post-dialysis site management** to prevent infections.
- **Patient Monitoring & Dialysis Care:** Experienced in **hemodynamic monitoring**, assessing **fluid balance**, and managing **intra-dialytic complications** such as hypotension, cramping, and clotting.
- **Infection Control & Safety Compliance:** Strict adherence to **universal precautions, isolation protocols, and sterilization techniques** to maintain a contamination-free dialysis environment.
- **Nephrology Assistance:** Assisting nephrologists in **internal jugular and femoral vein catheterization**, dialysis prescription adjustments, and patient assessments.
- **Water Treatment System Maintenance:** Skilled in **monitoring and maintaining dialysis water treatment systems** to ensure safe and high-quality dialysis.
- **Medical Documentation & Reporting:** Proficient in **recording patient treatment data, documenting vital parameters, and preparing dialysis reports** as per hospital protocols.
- **Dialysis Emergency Management:** Quick response to **dialysis-related emergencies**, including **air embolism, clotting, hypotension, and machine malfunctions**.
- **Team Leadership & Supervision:** Led a **dialysis unit team** by coordinating workflows, training junior staff, and ensuring **efficient patient management**.
- **Patient Education & Support:** Educating patients and their families on **dialysis treatment protocols, dietary restrictions, medication adherence, and home care techniques**.
- **Healthcare Software & IT Proficiency:** Experience in **dialysis documentation systems, electronic medical records (EMR)**, and general IT applications like **Microsoft Word, Excel, and Email**.

---

## Education

---

- **Diploma in Dialysis Technology (DDT)** | West Fort Institute of Paramedical Science, Kerala | 2016

---

## Languages Known

---

English | Hindi | Tamil | Malayalam
