Education

Bachelor's in Interior design, University Of Jeddah

2019 – 2024

Designed a sustainable botanical museum focused on efficient circulation, visitor flow, and environmental awareness, aligning with public-use building standards.

Professional Experience

Interior Designer, Issam khairi kabbani

01/2025 – 01/2026

Coordinated interior design tasks with project teams to ensure compliance with project requirements. • Assisted in space planning and documentation for ongoing projects.

Jeddah

Juffair International Contracting Est

02/2023 – 07/2024

- Developed and presented design concepts, boosting client satisfaction.
- Collaborated with clients to create functional design solutions aligned with their vision.
- Managed timelines and budgets to ensure on-time delivery within financial limits.
- Used 3D rendering and mood boards to visualize proposals and aid client decisions.

Riyadh

luxury land

04/2024 – 12/2024

Developed interior design solutions for functional spaces, ensuring compliance with project requirements, timelines, and client expectations.

Jeddah

Internship at sicil for construction

09/2023 – 11/2023

Gained in-depth experience in architectural drafting using AutoCAD, significantly enhancing my skills and understanding of architectural drawing and building construction methods. This training provided a solid foundation in creating precise and detailed architectural plans, further developing my proficiency and professional approach to architectural design.
