- B.SC. degree in Petroleum Geophysics, **Faculty of Science**, Ain shams University, Cairo, Egypt (2019)
GPA: 3.53 / 4.0 (Superior)
Graduation Project: Hydrocarbon Prospectivity of Basque-Cantabrian Basin (Excellent)

Core Competencies :

- Health, Safety & Environmental Management
- Construction & Oil & Gas Safety
- Radiation safety procedures.
- Risk Assessment & Hazard Identification
- ISO 45001, NEBOSH, OSHA Standards
- Incident Reporting & Investigation
- Emergency Response & Preparedness
- Safety Audits & Inspections
- Safety Training & Toolbox Talks
- Permit-to-Work Systems
- Contractor HSE Management

Certifications & Training

- NEBOSH International General Certificate in Occupational Safety & Health
- ISO 45001:2018 Occupational Health & Safety Management Systems
- Qualification for Radiation Safety and Protection Officers as per NRRC (RSO)
- Radiation Safety Officer (NRRC License)
- IOSH Managing Safely
- NIOSH HSE Specialist
- OSHA 30-hour General Industry & Construction Safety.
- Firefighting course
- First Aid & BLS
- Dealing with spills.

- Crane Safety, Rigging & Lifting Operations
- Scaffolding Safety Awareness
- The Impact of Climate Change and Heat stress on Occupational Health and Safety
- Road Safety,
- Risk Assessment course
- English course at intrepid English.

Professional Experience :

Senior Safety Engineer – Technical Development Solutions (TDS), NEOM Project

May 2023 – Present

- Developed and implemented safety protocols for water well drilling operations.
- Conducted regular site inspections and safety audits to ensure compliance with federal and state regulations, achieving a 100% pass rate during inspections.
- Trained field personnel on safety practices and emergency response procedures, leading to enhanced team performance and awareness.
- Collaborated with project managers to assess and mitigate risks associated with drilling activities, improving safety culture across the organization.
- Monitored drilling operations for compliance with safety regulations, resulting in zero reportable incidents during tenure.
- Organized and led safety workshops and toolbox talks, increasing employee engagement in safety initiatives.

Rig Safety Engineer – National Drilling Company (NDC)

Jan 2022 – May 2023

- Developed and enforced comprehensive safety procedures for onshore drilling operations, leading to an increase in safety culture and response for all crew.
- Conducted regular safety audits and inspections to ensure compliance with industry standards and regulatory requirements, achieving a 100% compliance rate during audits.
- Implemented a safety training program for crew members, resulting in improved safety awareness and practices across all teams.
- Collaborated with project managers to identify potential hazards and develop risk mitigation strategies, enhancing overall operational safety.
- Monitored drilling activities to ensure adherence to safety protocols, contributing to an incident-free year on multiple projects.
- Facilitated emergency response drills and safety workshops, boosting team preparedness and safety knowledge.

Sr. HSE Engineer – Al-Shorouk Construction

Jan 2021 – Jan 2022

- Spearheaded the development and implementation of safety programs for large-scale construction projects.

- Conducted regular safety audits and site inspections to ensure compliance with OSHA regulations and company policies, achieving a 100% compliance rating during external audits.
- Developed and delivered safety training sessions for over 300 workers, fostering a culture of safety and increasing awareness of best practices.

HSE Engineer – Egypro FME (Vodafone)

Sep 2020 – Jan 2021

- Developed and implemented comprehensive safety management programs for facility operations.
- Conducted regular safety audits and inspections of facilities, ensuring compliance with OSHA standards and local regulations, achieving a 100% compliance rating.
- Trained staff on safety protocols and emergency response procedures, enhancing overall safety awareness and preparedness across all facility teams.
- Collaborated with facility managers to assess risks associated with maintenance activities, implementing proactive measures to mitigate hazards.

HSE Engineer – Arabtec Construction LLC (Up Town Cairo)

Jul 2019 – Sep 2020

- Led the development and implementation of comprehensive safety protocols.
- Conducted regular safety audits and risk assessments to identify hazards and ensure compliance with OSHA regulations.
- Designed and delivered safety training programs for over 200 employees, improving overall safety awareness and practices.
- Collaborated with cross-functional teams to create a culture of safety, leading to recognition as a top-performing department.

Computer Skills :

- Microsoft Office (Word, Excel, PowerPoint – Excellent)
- Outlook, Gmail

Languages Skills :

- Arabic: Native
- English: Excellent (reading, writing, speaking, listening)

Driving Skills :

- Saudi Arabia driving license

Personal Data :

- Date of Birth: 7th October 1997
- Nationality: Egyptian
- Marital Status: Married
- Military Status: completed
