Experienced Land Surveyor with over 14 years of expertise in construction and infrastructure projects. Strong knowledge of storm water systems, sewer lines, water networks, electrical works, and building construction. Skilled in site surveys, boundary verification, topographic mapping, and accurate drawings using AutoCAD and modern surveying instruments. Registered with the Saudi Council of Engineers (SCE), known for precision and reliable project support.

WORK EXPERIENCE

► Senior Land Surveyor | Abdul Aziz Fahad Al Huraish for Contracting Est. Saudi Arabia 2011 - 2023

- I was responsible for carrying out complete site surveys at the start of each project, carefully analyzing land conditions and identifying technical risks to ensure construction readiness. I established and confirmed property boundaries in line with approved drawings and legal records, while preparing accurate layouts and survey drawings to guide site execution. I worked closely with construction teams, providing clear direction on alignment, leveling, and positioning, and I ensured accuracy by verifying foundations, elevations, slopes, and dimensions. I also completed final surveys and prepared precise as-built drawings for buildings and utility networks, ensuring reliable project documentation.

► Land Surveyor (Building Projects) | SIM CO Taxila, Rawalpindi - Pakistan 2010 - 2011

- I handled setting-out and layout control for building construction projects, ensuring that all work followed approved drawings and specifications. I regularly checked dimensions, levels, and alignments to maintain accuracy at every construction stage. By providing dependable survey data and on-site support, I assisted engineers and project teams in achieving smooth coordination and error-free execution.

► Land Surveyor (Infrastructure Projects) | CDM Bagh, AJK - Pakistan 2009 - 2010

- I carried out detailed topographic and infrastructure surveys using modern surveying instruments to support road and utility development works. I prepared clear and accurate drawings showing terrain conditions, site features, and utility locations to assist planning and construction. I also verified foundation levels and completed as-built documentation, ensuring accurate records for future maintenance and upgrades.

● INMAA AL BILAD CONSTRUCTION COMPANY – Saudi Arabia

Project: Storm Water Network, Salwa

Position: Land Surveyor | March 30, 2026 – Present

- Working as a Land Surveyor on the Salwa Storm Water Network Project, responsible for site surveying, setting out pipelines and manholes, checking levels, coordinates, elevations, and alignments, and ensuring construction activities are carried out according to approved drawings and project specifications. Coordinating with site engineers and construction teams to provide accurate survey data and measurements.

COVER LETTER

Dear Hiring Manager,

I am writing to express my interest in the Land Surveyor / Civil Surveyor position at your organization. With over 14 years of experience in construction and infrastructure projects across Saudi Arabia and Pakistan, I have developed a strong expertise in storm water systems, sewer lines, water networks, electrical works, and building construction.

In my role as Senior Land Surveyor at Abdul Aziz Fahad Al Huraish for Contracting Est., I carried out detailed site surveys, established precise property boundaries, prepared accurate topographic layouts, and guided construction teams on alignment, leveling, and positioning. I also verified foundations, elevations, slopes, and dimensions, and produced final as-built drawings for buildings and utilities.

Previously, I worked on both building and infrastructure projects in Pakistan, where I executed topographic and utility surveys, performed setting-out, leveling, and layout control, and ensured all construction work adhered to approved drawings and standards. My proficiency with AutoCAD and modern surveying instruments, combined with my registration with the Saudi Council of Engineers (SCE), allows me to deliver precise data and support successful project completion.

I am confident that my technical expertise, field experience, and commitment to accuracy would make me a valuable addition to your team. I look forward to the opportunity to contribute to your projects and would welcome the chance to discuss my qualifications in more detail.

Thank you for your consideration.

Sincerely,

Yasir Ishaq
