

KHALED MOHAMED MOHAMED TORAB

Saudi Arabia | 0537327156 | ktorab@gmail.com

Member of the Saudi Council of Engineers (SCE number 1033676)

Summary

Civil Engineer with a bachelor's degree in civil engineering and a member of the Saudi Council of Engineers with more than four years of experience in structural designs, preparation of executive plans, site management and supervision. I am looking for a challenging opportunity in a prestigious company where I can apply my previous skills and experiences in addition to my academic background and benefit from them and develop them professionally to advance together towards the aspirations and vision of your organization and move forward to an advanced level.

Experience

SITE ENGINEER | AL-SUNAIIDI CONTRACTING COMPANY

DECEMBER (12/2024) - UNTIL NOW

- Preparing daily reports
- Ensuring the quality of work
- Inventorying quantities for the project
- Following the daily workflow & direct supervision of the implementing party and work teams on-site
- Supervising the implementation of excavation, concrete, finishing and infrastructure works for residential and commercial projects
- Reviewing and following up on the performance of contractors in terms of the quality of implementation of the various items to ensure their commitment to the contract
- Ensuring the quality of the materials used and their compliance with the agreed-upon quality specifications and standards and their compliance with the basic engineering specifications

OFFICE ENGINEER | ARMED FORCES ENGINEERING AUTHORITY

MARCH (03/2023) - JUNE (06/2024)

- Follow up on office work and prepare daily reports

SITE & OFFICE ENGINEER | PYRAMIDS GROUP

JULY (07/2022) - DECEMBER (12/2022)

PYRAMIDSGROUP

- Preparing executive plans
- Reviewing design drawings
- Preparing various inventory works
- Creating marketing videos for implemented projects
- Supervising all activities of residential and administrative projects
- Reviewing the performance of contractors to ensure their commitment to the contract
- Ensuring that the materials used meet the applicable specifications and quality standards
- Reviewing and interpreting the specifications of the disciplinary design drawings to ensure the current level of review and correct technical implementation of the work

Programs I can work with

Revit Structural, AutoCAD, Etabs, Safe, Primavera, Microsoft office and Adobe Premiere.

Skills & Abilities

DESIGN & OFFICE WORKS

The ability to design buildings according to the Saudi Code (SBC) and the American Code (ACI) so that the structural design is through the use of AutoCAD and Revit drawing programs and Etabs and Safe structural analysis programs, which creates a realistic element that can be implemented, in addition to some technical office work such as preparing periodic reports and executive boards, in addition to inventorying quantities

SITE ENGINEER

An ability to explain and implement working drawings, solve various problems between the parties involved in the site, and withstand the natural pressures of the work environment to quickly establish the facility.

VIDEOGRAPHER & VIDEO EDITOR

Proficiency in video shooting and editing via various editing programs such as Adobe Premiere Pro to create high-quality final videos for executed projects that meet the company's needs for various marketing campaigns.

Training and courses:

- 2021 | Training in Construction site engineer and technical office - Al-Shams for Contracting.
- 2020 | Training in Construction site engineer - Dorsch Consult Egypt.
- 2019 | Training in Engineering tools used by workers in construction - Vocational training Centre.
- Multiple courses in drawing, design and structural planning.

Education

- Bachelor of Civil Engineering (2017 – 2022) — Very Good —
Menoufia University - Egypt
