Married

AHMED SAID SAAD

CIVIL & ARCHITECTURAL WORKS INSPECTOR

PROFESSIONAL SUMMARY

Dedicated Civil & Architectural Works Inspector with over 20 years of technical expertise in construction site supervision, structural execution, and site surveying. Proven track record across major contractor projects in Egypt and Saudi Arabia. Skilled in reviewing architectural/structural blueprints, operating Total Station and optical level devices, executing quantity takeoffs, and ensuring strict quality assurance and safety standards on site.

PROFESSIONAL EXPERIENCE

Civil & Architectural Inspector

FAPCO Contracting Co. | KSA

- Supervised civil and structural works for prestigious hotel projects, including **Four Seasons Hotel (Jeddah)** and **Othaim Hotel (Arar)**.
- Inspected field execution against approved shop drawings, ensuring quality standards and safety regulations.
- Coordinated daily site activities, inspected structural concrete pouring, and monitored finishing execution.

Site Inspector

Kuwaiti Office for Philanthropic Projects

- Supervised structural, finishing, and architectural works across philanthropic developmental projects.
- Ensured all executed site works complied with project specifications, timeline, and quality benchmarks.

Site Inspector

Egyptian Contracting Company (El-Abd)

- Inspected civil execution, building works, and water/drainage network installation.
- Conducted material quantity takeoffs and field checks to maintain budget and delivery controls.

Civil & Architectural Inspector

The Arab Contractors (Al Mokawloon Al Arab)

- Monitored concrete structures, rebar placement, and architectural finishing works.
- Assisted surveying teams using Total Station and leveling tools for precise site measurements.

Site Inspector / Assistant Supervisor

Morganti Intercontinental Constructors LLC

- Supported quality inspection teams, verifying construction site progress against specifications.
