PROFESSIONAL SUMMARY

Interior Designer with 3 years of hands-on experience in residential and engineering consultancy projects. Skilled in transforming spaces into functional and visually appealing environments through a combination of technical precision and creative design. Strong expertise in space planning, 2D/3D design development, and delivering client-focused solutions that balance aesthetics with practicality. Demonstrates commitment to high-quality design delivery, meeting deadlines, and continuous professional growth within the field of interior design.

PROFESSIONAL EXPERIENCE

Interior Designer | 6Directions Engineering Consultancy | Oct 2019 – Oct 2022 | Taif

- Designed and developed interior layouts for residential projects based on client requirements and space functionality
- Created detailed 2D drawings using AutoCAD and developed 3D visualizations using Revit
- Transformed conceptual ideas into realistic design models to support client decision-making
- Planned and optimized space distribution to maximize usability and eliminate wasted areas
- Collaborated with engineers and project teams to ensure design accuracy and execution feasibility
- Prepared technical drawings and design documentation aligned with project standards
- Contributed to improving client satisfaction by delivering designs that balance aesthetics and functionality
- Maintained consistency between design intent and final execution through continuous coordination

EDUCATION

Bachelor's Degree in Interior Design | Taif University | 2018 | Taif

Academic Achievements:

- Awarded Certificate of Appreciation for achieving A+ in several core major subjects
- Received multiple academic recommendations from professors
- Granted Certificate of Good Conduct and Behavior

PROJECTS

Residential Apartment Project | 2019

- Redesigned a small residential apartment focusing on space optimization
- Developed furniture layout solutions to enhance usability and comfort
- Successfully minimized unused spaces and improved overall flow

Residential Villa Project | Nov 2020

- Participated in full renovation and finishing of a two-floor villa
- Selected materials, finishes, doors, and lighting distribution
- Conducted site supervision to ensure design implementation accuracy

Residential Land Planning Projects | 2020 – 2022

- Calculated and analyzed land areas using AutoCAD
- Supported planning decisions with accurate measurements and layouts

CERTIFICATIONS & LICENSES

Professional Accreditation | Saudi Council of Engineers | License No: 779198 | Issued: 01 December 2002 | Exp: 09 August 2022

PROFESSIONAL MEMBERSHIP

Saudi Council of Engineers | Professional Member (Interior Design Specialist) | Since 01 December 2002

TRAINING COURSES

- Professional Interview** | HRDF (Hadaf) | 16 April 2026
- Microsoft Excel** | HRDF (Hadaf) | 16 April 2026
- Developing Career Opportunities** | HRDF (Hadaf) | 16 April 2026
- Human Resources Management** | Future Giving Training Center | 11 October 2019
- 3D Max & V-Ray Course** | Canada Global Centre | Jun–Jul 2019
- Smartphone Operating Systems** | Future Giving Training Center | 18 November 2018
- Designing an Online Survey** | Taif University | 12 April 2018

SKILLS

Technical Skills: AutoCAD | Revit | 3D Max | V-Ray | Adobe Photoshop | Microsoft Office (Microsoft Word | Microsoft Excel | Microsoft PowerPoint) | Microsoft Outlook)

Hard Skills: Space Planning | Interior Layout Design | 2D Drafting | 3D Modeling | Furniture Distribution | Material Selection | Lighting Design | Technical Drawing Preparation

Soft Skills: Communication | Time Management | Problem Solving | Attention to Detail | Creativity | Teamwork | Adaptability | Client Handling
